

HYDRAULIC

AFFORDABLE

ECONOMICAL

EASY TO USE

10STDC

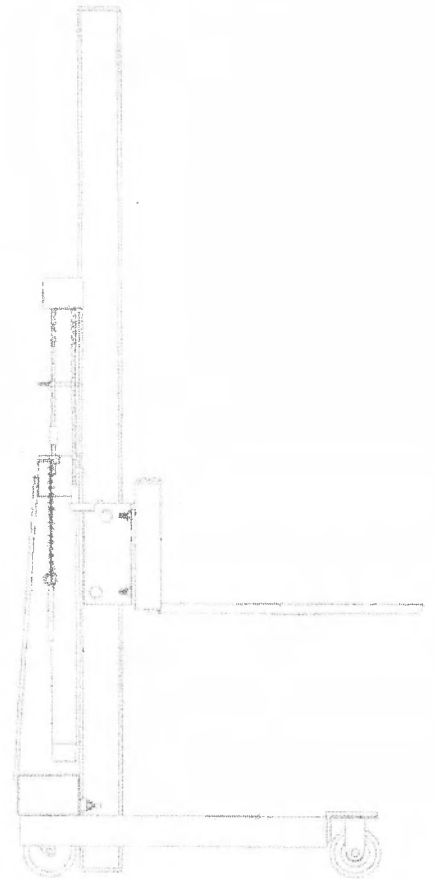

- 1000 lb. Capacity
- Compact design turns within its own length
- 75" standard lift height
- 18" load center
- Hydraulic cylinder/Battery operated power lift

ACCESSORIES

- Boom Attachment
- Barrel Grip
- Platform Assembly
- Rug Pole
- Steel Wheels
- Polyurethane Wheels
- Remote Pendant

STANDARD FEATURES

- Meets Ruger's engineering standards of 150% structural overload of maximum rated capacity
- Adjustable forks
- Floor lock to prevent rolling
- Fork dimensions- 26" long / 1-1/4" thick / 4" wide
- Standard casters with non-marking hard rubber wheels with sleeve bearings
- Needle type release valve permits pin-point control over lowering and holding of the heaviest loads
- Built-in hydraulic relief valve (An original Ruger patent)

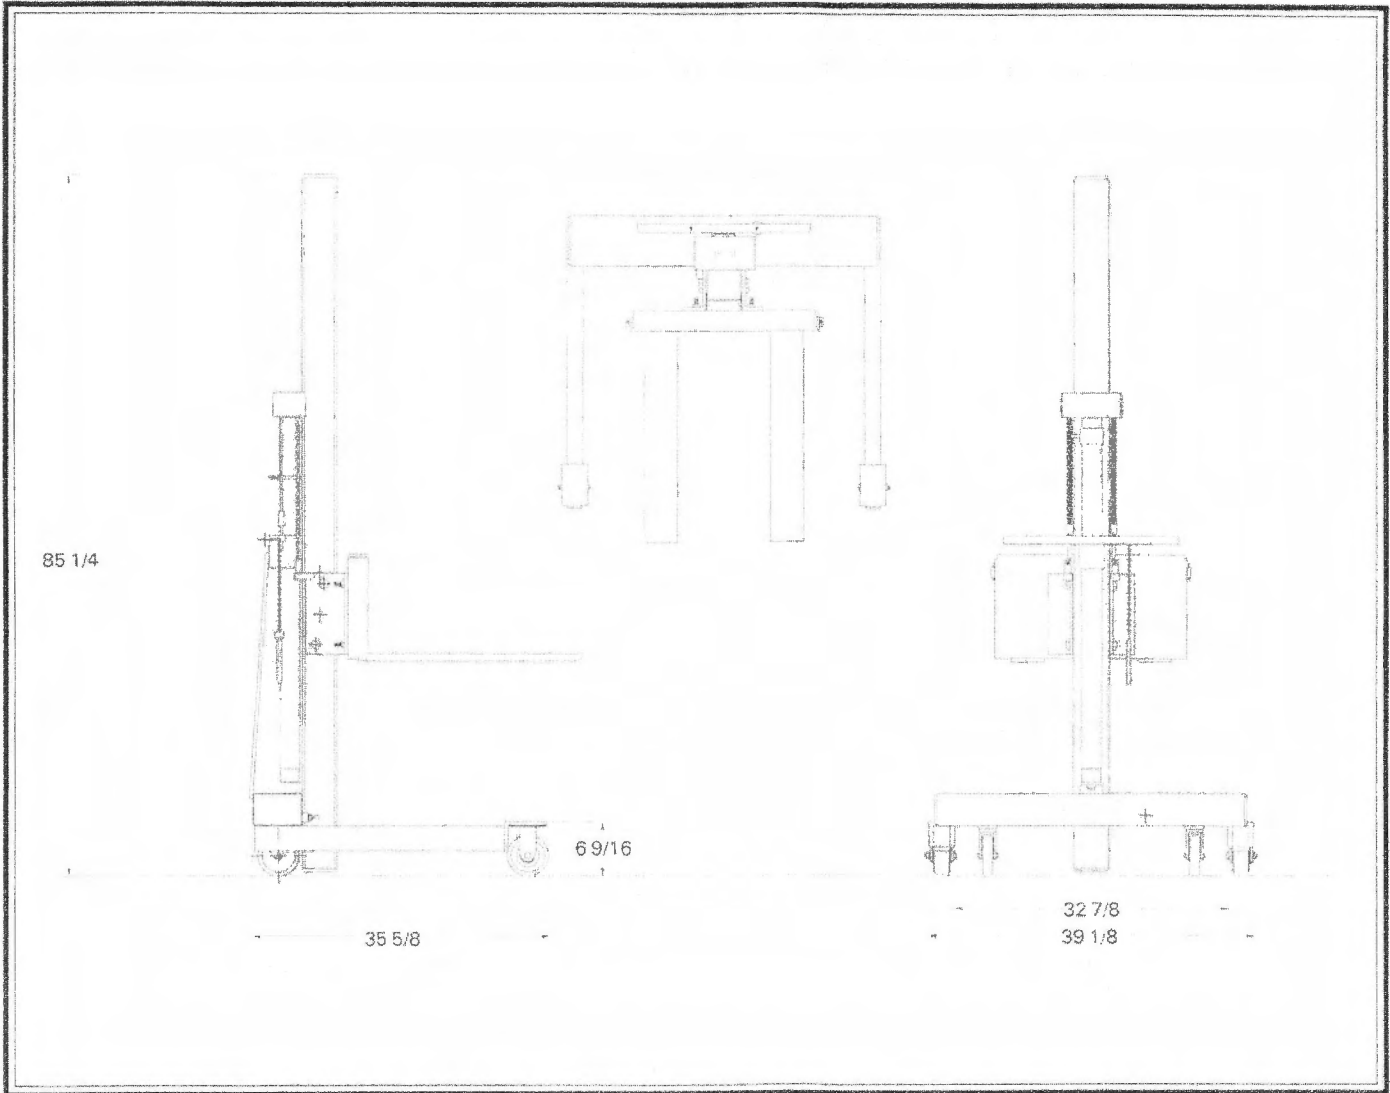

The 10STDC provides the maximum value in reliability and safety. With the standard built-in performance features and a 1000 lb. lifting capacity the 10STDC is in a class by itself.
